Get the comprehensive resource for LGBT public health issues! Public health services for sexual minorities have suffered from practitioners' lack of knowledge about sexual or gender orientation, specific health concerns, and inherent system homophobia and heterosexism. The Handbook of Lesbian, Gay, Bisexual, and Transgender Public Health: A Practitioner's Guide to Service provides a unique focus on LGBT public health, offering positive direction for practitioners looking for guidance in methods to ensure a healthy community for all while taking into consideration the special needs of sexual minorities. Ignorance and fear by both practitioners and LGBT clients leads to less than optimum public health services. The Handbook of Lesbian, Gay, Bisexual, and Transgender Public Health extensively discusses these issues clearly, working to foster cultural competency among public health professionals. This book lays the groundwork for better understanding of LGBT health issues and their relationship to overall public health, then delves into the research on how incorporating LGBT cultural competency can improve academic institutions and continuing education programs. The problem of providing health care access and the health issues burdening each segment of the LGBT community are discussed in detail, all with a focus on providing effective solutions to tough challenges. Clear strategies are also presented for improving city, county, state, and national public health infrastructures and policies. The issue of productive and safe work environments in business and the private sector for LGBT individuals is addressed, along with a close look at the advantages and pitfalls of media and Internet resources. Many chapters are illustrated with tables and diagrams; each chapter is exhaustively referenced, includes useful lists of selected resources, and asks questions to spark thought on the issues as they pertain to the reader's circumstances. The Handbook of Lesbian, Gay, Bisexual, and Transgender Public Health discusses: the inequities in health care for LGBT people overt prejudice, discrimination, disdain, or outright denial of services; assumption by health professionals of risk factors based on sexual or gender orientation rather than individual behaviors and health history; unwitting expression of biases of many public health practitioners; the effect of social stigma on public health care services; LGBT cultural competency framework for institutions of higher learning and professional organizations; LGBT awareness, sensitivity, and competency training; sexually transmitted diseases; reproductive cancers; intimate partner violence; noncommunicable diseases among gay and bisexual men 'down low' behavior (avowed straight men with spouses having sex with other men); as public health issue; AIDS related malignancies; transsexuals and transphobia; hormonal therapy; sex reassignment surgery (SRS); mental health needs of transsexuals, cross dressers, and intersex individuals barriers to health care access; insurance systems; confidentiality of medical records; substance use; health care issues for LGBT youth and young adults; health...
care needs of LGBT elders recommendations for improvement of health and welfare services

The Handbook of Lesbian, Gay, Bisexual, and Transgender Public Health is a one of a kind resource for LGBT public health issues, essential for public health professionals, practitioners, health services professionals, substance abuse counselors, disease intervention specialists, public health advisors, community health service administrators, community based agencies, and community health nurses. Educators in community health.

**Handbook of Research with Lesbian, Gay, Bisexual, and Transgender Populations** - William Meezan 2009-09-10

Handbook of Research with Lesbian, Gay, Bisexual, and Transgender Populations provides a detailed examination of the current methods and theoretical frameworks for conducting research with LGBT populations. Introducing greater nuance in designing and implementing research models for working with these populations, Handbook of Research with Lesbian, Gay, Bisexual, and Transgender Populations provides guidelines for defining these groups, strategies to obtain more inclusive and representative samples, and methods for engaging these populations to produce consistent and relevant data. Collecting essays by notable researchers and scholars in the field, Handbook of Research with Lesbian, Gay, Bisexual, and Transgender Populations provides meaningful analyses of the ethics and practical constraints that researchers confront in dealing with LGBT populations--including protection of privacy--which is a special concern for many. For students, teachers, social workers, mental health professionals, and researchers of all backgrounds, this is an invaluable resource and guidebook for anyone seeking a better quality of understanding and engagement with LGBT individuals and communities.

"This book provides a unique focus on LGBT public health, offering positive direction for practitioners looking for guidance in methods to ensure a healthy community for all while taking into consideration the special needs of sexual minorities. Each chapter is exhaustively referenced, includes useful lists of selected resources, is clearly illustrated with tables and diagrams, and asks questions to spark thought on the issues as they pertain to the reader's circumstances." --BOOK JACKET.

**Handbook of Counseling and Psychotherapy with Lesbian, Gay, Bisexual, and Transgender Clients** - Kathleen J. Bieschke 2007

This updated edition focuses critical attention on the need to enhance understanding of lesbian, gay, bisexual, and transgender clients. The editors incorporate new and emerging areas of scholarship and reflect on implications of recent changes in society, including political struggles for gay civil unions, marriage, and adoption rights.

**Handbook of Gay, Lesbian, Bisexual, and Transgender Administration and Policy** - Wallace Swan 2004-02-03

Recording issues and obstacles as well as groundbreaking victories in the recognition of gay, lesbian, bisexual, and transgender (GLBT) rights in politics and policy, this landmark handbook introduces core considerations necessary for prompting governmental initiatives and social structures to better serve the GLBT population. Its impressive range

The GLMA Handbook on LGBT Health [2 volumes]-Jason S. Schneider MD 2019-05-31
This comprehensive review is the first handbook on LGBT physical and mental health created by the world’s oldest and largest association of lesbian, gay, bisexual, and transgender health care professionals. • Includes issues of physical, emotional, and sexual health, as well as prevention of disorders • An appendix of organizations that may serve as sources for more information or assistance

Everyday Activism-Michael R. Stevenson 2018-10-24 From same-sex marriages to hate-crime laws, gay, lesbian and bisexual people have fought an uphill battle to gain equal rights. Now a comprehensive new reference collects in one volume the strategies, hard data, and legal arguments that are central to the fight for equality in lesbian, gay and bisexual (LGB) life. Up-to-date and readable, Everyday Activism is the one essential book that provides the basic facts on the key questions faced by LGB citizens.

Handbook of LGBT-Affirmative Couple and Family Therapy-Jerry J. Bigner 2012-05-04
The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature. Spanning 30 chapters, they discuss the diverse and complex issues involved in LGBT couple and family therapy. In almost 15 years, this book provides the first in-depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients, couples, and families need to know, and is only the second of its kind in the history of the field. The clinical issues discussed include • raising LGBT children • coming out • elderly LGBT issues • sex therapy • ethical and training issues Because of the breadth of the book, its specificity, and the expertise of the contributing authors and editors, it is the definitive handbook on LGBT couple and family therapy.

The Routledge Handbook of LGBTQIA Administration and Policy-Wallace Swan 2018-10-26 The Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, Asexual, and Allies community (abbreviated LGBTQIA or “LGBT”) is responding to a radically changed social and political environment. While a host of books have analyzed legal dimensions of LGBT public policy, this authoritative Routledge handbook is the first to utilize up-to-the-minute empirical data to examine and unpick the corrosive “post-factual” changes undermining LGBT public policy development. Taking an innovative look at a wide range of social and policy issues of broad interest—including homelessness, transgender rights, healthcare, immigration, substance abuse, caring for senior members of the community, sexual education, resilience, and international policy—through contributions from established
scholars and rising stars, this comprehensive and cutting-edge volume will be a landmark reference work on LGBT administration and policy for decades to come.

**Working with Lesbian, Gay, Bisexual, and Transgender College Students**-Ronni L. Sanlo 1998 This professional reference guide will help administrators and faculty understand the needs of lesbian, gay, bisexual, and transgender students.

**Handbook of Affirmative Psychotherapy with Lesbians and Gay Men**-Kathleen Ritter 2002-01-16 Grounded in current research, this comprehensive volume lays the foundations for effective, affirmative therapeutic practice with lesbian, gay, and bisexual clients. Addressed are family of origin issues; couple problems, including sex therapy with same-sex partners; vocational and workplace issues; and more. The extensive appendix lists a broad array of publications, advocacy groups, and Web-based resources for both professionals and consumers. 12/01.

**Everyday Activism**-Michael R. Stevenson 2003 First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

**Handbook of Lesbian and Gay Studies**-Diane Richardson 2002-09-25 `The creation of a new field of lesbian and gay studies over the past thirty years has been a fascinating project. This volume brings together key authors in the field in 26 major essays and provides a clear sense of just how much has been achieved. It is a guide to the state of the art, and invaluable for scholars throughout the world' - Ken Plummer, Professor of Sociology, University of Essex; and Editor of Sexualities `This book is unique in lesbian and gay studies. From politics to health, cyber-queers to queer families, the review essays in this volume cover all the important bases of GLB history and politics. The Introduction is a simple and accessible overview of the changing faces of theory and research over many decades. This book is bound to be an important resource in a burgeoning field' - Janice Irvine, Associate Professor of Sociology, University of Massachusetts, Amherst `The Handbook of Gay and Lesbian Studies, assembled by two leading theorists of sexuality, makes available more than two dozen new cutting-edge essays in gay studies. Essential for social science scholars and students of gay/queer studies' - David F. Greenberg, Professor of Sociology, New York University With this benchmark work, lesbian and gay studies comes of age. Drawing from a rich team of global contributors and carefully structured to elucidate the core issues in the field, it constitutes an unparalleled resource for teaching, research and debate. The volume is organized into 4 sections: · History and Theory This covers the roots of lesbian and gay studies, the institutionalization of the subject in the Academy, the 'naturalness' of heterosexuality, science and sexuality, the comparative sociology of homosexuality and the heterosexual/homosexual division. · Identity and Community This examines the formation of gay and lesbian identities communities and movements, 'cyber-queer' research, sexuality and space, generational issues in lesbian and gay lifecycles and the subject of bisexuality · Institutions This investigates questions of the governance of sexualities, lesbian and gay health, sexualities and education, religion and homosexuality.
homosexuality and the law, gay and lesbian workers, homosexuality and the family, and lesbian, gay and queer encounters with the media and popular culture. Politics This explores the formation of the gay and lesbian movements, impact of globalization, antigay and lesbian violence, nationalism and transnationalism in lesbian and gay studies and sexual citizenship. The result is an authoritative book that demarcates the field, stimulates critical discussion and provides lesbian and gay studies with an enriching focal reference point. It is, quite simply, a breakthrough work that will galvanize discussion and research for years to come.

**Casebook for Counseling** - Sari H. Dworkin 2014-12-23 This captivating book contains 31 case studies that focus on what is said and done in actual counseling sessions with LGBTQQI clients, including diagnosis; interventions, treatment goals, and outcomes; transference and countertransference issues; other multicultural considerations; and recommendations for further counseling or training. Experts in the field address topics across the areas of individual development, relationship concerns, contextual matters, and wellness. The cases presented include coming out; counseling intersex, bisexual, and transgender clients; couples, marriage, and family counseling; parenting issues; aging; working with rural clients and African American, Native American, Latino/a, Asian, and multiracial individuals; sexual minority youth; HIV; sexual and drug addictions; binational couples; work and career; domestic violence; spirituality and religion; sexual issues; and women’s health. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

The Fenway Guide to Lesbian, Gay, Bisexual, and Transgender Health-Kenneth Mayer 2008 The Fenway Guide provides guidance, practical guidelines, and discussions of clinical issues pertinent to the LGBT patient and community. It also focuses on helping healthcare professionals gain a better understanding of the LGBT population, the LGBT life continuum, health promotion and disease prevention, transgender health, and patient communication and the office environment. The Fenway Guide is truly a one-of-a-kind comprehensive resource! Written in conjunction with the renowned Fenway Community Health, of Boston, MA, The Fenway Guide to Lesbian, Gay, Bisexual, and Transgender Health is an invaluable resource for healthcare professionals seeking further knowledge and guidance on sexual minority health care.

The Rights of Lesbians, Gay Men, Bisexuals, and Transgender People-Nan D. Hunter 2004-11-15 Uses a question-and-answer format and nontechnical language to survey rights in regard to freedom of speech and association, housing, employment, the military, family and parenting, and HIV disease.

Lesbian, Gay, Bisexual, and Transgender Healthcare-Kristen Eckstrand 2016-02-17 Written by experienced clinicians and edited by Vanderbilt Program for LGBTI Health faculty, this book contains up-to-date expertise from physicians renowned for their work in LGBT health. This important text fills an informational void about the practical health needs of LGBT patients in both the primary care and specialty settings remains, and serves as a guide for LGBT preventive and specialty medicine that can be utilized within undergraduate medical education, residency training, and medical practice. Beginning with a short review of LGBT populations and health disparities, it largely focuses on the application and implementation of LGBT best practices within all realms of medical care. In addition, the book offers recommendations for the integration of LGBT health into systems-based practice by addressing intake forms and electronic health records, as well as evidence-based emerging concerns in LGBT health. This is a must-have volume for medical students, residents, and practicing physicians from all medical specialties.
Contemporary scholars have begun to explore non-normative sexual orientation, gender identity, and gender expression in a growing victimization literature, but very little research is focused on LGBTQ communities’ patterns of offending (beyond sex work) and their experiences with police, the courts, and correctional institutions. This Handbook, the first of its kind in Criminology and Criminal Justice, will break new ground by presenting a thorough treatment of all of these under-explored issues in one interdisciplinary volume that features current empirical work.

This book examines the nature and effects of microaggressions, or subtle forms of discrimination, toward lesbian, gay, bisexual, and transgender (LGBT) people. Case studies and interactive questions provide practical guidance for dealing with microaggressions and advocating for LGBT-accepting worldviews and practices.

This is the first concise handbook on Lesbian, Gay, Bisexual and Transgender (LGBT) health in the past few years. It breaks the myths, breaks the silence, and breaks new ground on this subject. This resource offers a multidimensional picture of LGBT health across clinical and social disciplines to give readers a full and nuanced understanding of these diverse populations. It contains real-world matters of definition and self-definition, meticulous analyses of stressor and health outcomes, a extensive coverage of research methodology concerns, and critical insights into the sociopolitical context of LGBT individuals’ health and lives.

At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. The Health of Lesbian, Gay, Bisexual, and Transgender People assesses the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a valuable resource for policymakers, federal agencies including the
Responsive School Practices to Support Lesbian, Gay, Bisexual, Transgender, and Questioning Students and Families-Emily S. Fisher 2012-07-26 The needs and rights of lesbian, gay, bisexual, transgender, and questioning (LGBTQ) students and families are often ignored, generally misunderstood, and only rarely given priority by the school system. This book provides a practical and useful guide for school-based mental health professionals to support students, families, teachers, and administrators in the development of a safe, inclusive school environment for all LGBTQ students and families. It begins with an overview of the unique issues and challenges faced by LGBTQ students and families, including a discussion of sexuality and gender identity development within the interconnected contexts of home, school, and community. Practical steps are given for creating an inclusive school environment; implementing prevention and intervention techniques to address discrimination, bullying, and violence; and organizing effective counseling programs for LGBTQ students. These school-based efforts are then extended to working with families and communities to reinforce steps taken in the school context. An accompanying CD includes numerous handouts, sample letters, and other resources to assist the school-based mental health professional in implementing responsive and affirmative practices for LGBTQ students and families.

Fundamentals of LGBT Substance Use Disorders-Michael Shelton 2016-12-20 In this new book, the successor to the classic in the field Counseling Lesbian, Gay, Bisexual, and Transgender Substance Abusers: Dual Identities by Dana G. Finnegan and Emily B. McNally, Michael Shelton reviews the empirical literature and synthesizes what we know about the prevalence of LGBT substance use, abuse, and treatment availability, emphasizing the need for affirmative therapeutic practices. The principles of trauma-informed and culturally competent treatment/intervention are explained and assessed, as well as the challenges of minority stress and microaggressions experienced by the LGBT population. Separate sections focus on the sub-populations of lesbians, gay men, bisexuals, and transgender individuals. Separate chapters focus on LGBT youth, the elderly, family constellations and concerns, criminal justice issues, and rural LGBT substance abuse. This volume provides an introduction to the field that will be useful both as a primary textbook and as a handbook/reference for LGBT-focused and general substance-use disorder clinics and their administrators, clinicians, trainees, allies and volunteers.

Lesbian, Gay, Bisexual, Trans and Queer Psychology-Victoria Clarke 2010-04-01 This exciting and engaging textbook introduces students to the psychology of lesbian, gay, bisexual, trans and queer lives and experiences. It covers a broad range of topics including diversity, prejudice, health, relationships, parenting and lifespan experiences from youth to old age. The book includes 'key researcher' boxes, which outline the contributions of significant individuals and their motivations for conducting their research in their own words. Key issues and debates are discussed throughout the book, and questions for discussion and classroom exercises help students reflect critically and apply their learning. There are extensive links to further resources and information, as well as 'gaps and
absences' sections, indicating major limitations of research in a particular area. This is the essential textbook for anyone studying LGBTQ psychology, psychology of sexuality or related courses. It is also a useful supplement to courses on gender and developmental psychology.

**LGBTQ Stats**-Bennett Singer 2017-01-24 Twenty years ago it was impossible to imagine the president of the United States embracing same-sex marriage or Bruce Jenner transitioning to Caitlyn Jenner, an open transgender woman. LGBTQ Stats chronicles the ongoing LGBTQ revolution, providing the critical statistics, and draws upon and synthesizes newly collected data. Deschamps and Singer—who have numerous awards and found audiences around the globe—provide chapters on family and marriage, workplace discrimination, education, youth, criminal justice, and immigration, as well as evolving policies and laws affecting LGBTQ communities. A chapter on LGBTQ life around the globe contrasts the dramatic progress for LGBTQ people in the United States with violent backlash in countries such as Russia, Iran, and Nigeria, which have discriminatory laws that make same-sex activity punishable by prison or death. A lively, accessible, and eye-opening snapshot, LGBTQ Stats offers an invaluable resource for activists, journalists, lawmakers, and general readers who want the facts and figures on LGBTQ lives in the twenty-first century.

**Allies at Work**-David M. Hall (Ed.D.) 2009 In Allies at Work, Dr. David M. Hall explains the value and importance of creating an equitable work environment for all people regardless of sexual orientation or gender identity/expression. Dr. Hall carefully explains the business rationale for developing a strong allies program, the requisite steps to develop such a program, and the cultural competency necessary to properly understand the impact of the closet.

**Handbook of LGBT Tourism and Hospitality**-Jeff Guaracino 2017 To research this book, the authors traveled to six continents, interviewed nearly a hundred industry experts, and analyzed multiple emerging trends among LGBT travelers. The Handbook of LGBT Tourism and Hospitality is an easy-to-read, practical, and relevant guidebook with a simple goal: to help marketing professionals, business owners, and allied professionals compete in the increasingly competitive global LGBT travel and hospitality industry.

**Routledge Handbook of Queer Development Studies**-Corinne L. Mason 2018-01-29

Around the world lesbian, gay, bisexual, trans, intersex and queer individuals are subjected to violence and intimidation based on their real or perceived sexuality, gender identity or expression. With those most at risk of human rights violations often living in areas of low economic development, questions of sexuality, gender identity, and expression have become a significant area of research within the field of development studies. The Routledge Handbook of Queer Development Studies is the first full length study of queer development studies, collecting the very best in research from around the world. Topics for discussion include: Queering policy and planning in development Queer development critique and...
queer critiques of development Global LGBTIQ rights Queer social movements and mobilizations At a time when development and human rights organizations such as the World Bank, Office of the UN Secretary General and Human Rights Watch are placing increasing importance on global LGBT rights, the Routledge Handbook of Queer Development Studies is an essential guide for scholars, upper level students, practitioners and anyone with an interest in global sexualities, gender identities, and expressions.

GLBTQ-Kelly Huegel 2003-04-01 Describes the challenges faced by gay, lesbian, bisexual, and transgendered teens, offers practical advice, real-life experiences, and accessible resources and support groups.

The Routledge Handbook of Gender and Violence-Nancy Lombard 2018-01-02 The Routledge Handbook of Gender and Violence provides both a comprehensive and authoritative state-of-the-art overview of the latest research in the field of gender and violence. Each of the 23 specially commissioned chapters develops and summarises their key issue or debate including rape, stalking, online harassment, domestic abuse, FGM, trafficking and prostitution in relation to gender and violence. They study violence against women, but also look at male victims and perpetrators as well as gay, lesbian and transgender violence. The interdisciplinary nature of the subject area is highlighted, with authors spanning criminology, social policy, sociology, geography, health, media and law, alongside activists and members of statutory and third sector organisations. The diversity of perspectives all highlight that gendered violence is both an age-old and continuing social problem. By drawing together leading scholars this handbook provides an up-to-the-minute snapshot of current scholarship as well as signposting several fruitful avenues for future research. This book is both an invaluable resource for scholars and an indispensable teaching tool for use in the classroom and will be of interest to students, academics, social workers and other professionals working to end gender-based violence.

The Cambridge Handbook of Policing in the United States-Tamara Rice Lave 2019-07-04 A comprehensive collection on police and policing, written by experts in political theory, sociology, criminology, economics, law, public health, and critical theory.

LGBTQ Health Research-Ron Stall 2020-09-01 Valdiserri, and Richard J. Wolitski

Handbook of Psychology and Sexual Orientation-Charlotte J. Patterson, Ph.D. 2012-11-29 The first authoritative summary of its kind in this area, the Handbook of Psychology and Sexual Orientation is the primary resource for the many researchers, including a new generation of investigators, who are continuing to advance understanding in this field. The volume editors along with other leading experts, contribute an extraordinary review of contemporary psychological research and theory on sexual orientation in their specific fields of work.
The SAGE Encyclopedia of LGBTQ Studies - Abbie E. Goldberg 2016-04-13 This far-reaching and contemporary new Encyclopedia examines and explores the lives and experiences of Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) individuals, focusing on the contexts and forces that shape their lives. The work focuses on LGBTQ issues and identity primarily through the lenses of psychology, human development and sociology, emphasizing queer, feminist and ecological perspectives on the topic, and addresses questions such as: · What are the key theories used to understand variations in sexual orientation and gender identity? · How do Gay-Straight Alliances (GSA) affect LGBTQ youth? · How do LGBTQ people experience the transition to parenthood? · How does sexual orientation intersect with other key social locations, such as race, to shape experience and identity? · What are the effects of marriage equality on sexual minority individuals and couples? Top researchers and clinicians contribute to the 400 signed entries, from fields such as: · Psychology · Human Development · Gender/Queer Studies · Sexuality Studies · Social Work · Sociology The SAGE Encyclopedia of LGBTQ Studies is an essential resource for researchers interested in an interdisciplinary perspective on LGBTQ lives and issues.

Working with Lesbian, Gay, Bisexual, and Transgender College Students - Ronni L. Sanlo 1998 This professional reference guide will help administrators and faculty understand the needs of lesbian, gay, bisexual, and transgender students.

This is a Book for Parents of Gay Kids - Dannielle Owens-Reid 2014-09-09 Written in an accessible Q&A format, here, finally, is the go-to resource for parents hoping to understand and communicate with their gay child. Through their LGBTQ-oriented site, the authors are uniquely experienced to answer parents' many questions and share insight and guidance on both emotional and practical topics. Filled with real-life experiences from gay kids and parents, this is the book gay kids want their parents to read.

Counseling Lesbian, Gay, Bisexual, and Transgender Substance Abusers - Dana G. Finnegan 2002 This book, a completely revised version of the authors' 1987 Dual Identities, offers insight on the special treatment issues of lesbian, gay, bisexual, and transgender (LGBT) substance abusers. It describes stages of sexual identity transformation, looks at different counseling approaches, and gives practical suggestions for helping clients. Information is accessible to beginning and experienced counselors as well as patients. Finneagan, an alcohol counselor, and McNally, a psychologist and alcohol counselor, are co-founders and current board members of the National Association of Lesbian and Gay Addiction Professionals. c. Book News Inc.
